

# OUR HIGHLIGHTS IN APRIL

## NEW!

Our Drain Cover Rings/Mats and Barriers in a brand new design!

### SORB<sup>®</sup>XT Drain Cover products

Suitable for protecting vent grates, manholes and pipelines in case of leakage.

For containment of leaks and targeted diversion of liquids.

The highly adhesive underside is easy to clean and reusable.

### SORB<sup>®</sup>XT barriers

Suitable for use on water surfaces in still and flowing water.

The barriers can also be used as a preventive measure and are characterised in particular by their long service life of at least 6 months on the water surface.

# „NEW TO THE RANGE“

## The new SORB<sup>®</sup>XT Sticky Belt & the new SORB<sup>®</sup>XT Safety Plug

### SORB<sup>®</sup>XT Sticky Belt

The Sticky Belt is specially designed for any kind of damage or deformation of drums.

With its polyurethane tape, cracks can be sealed and leakage of contents prevented.

Thanks to its flexibility, it adheres perfectly to the damaged surface. It is resistant to hydrocarbons and most aggressive liquids.

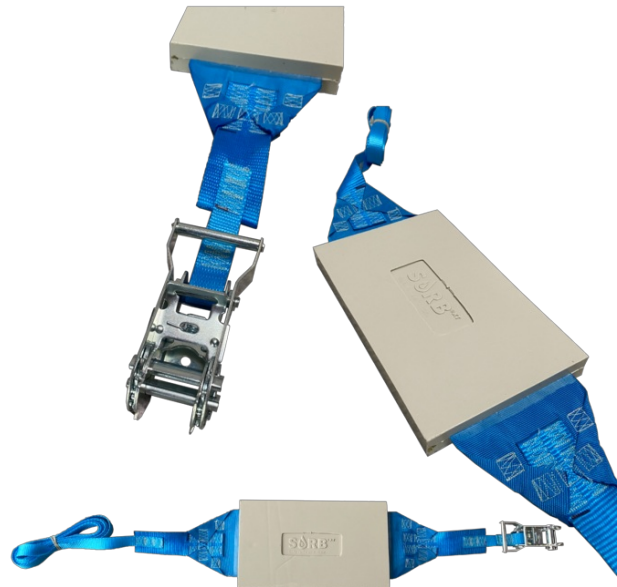

Dimensions: 340 x 180 mm

### SORB<sup>®</sup>XT Safety Plugs

Our Safety Plugs are conical polyurethane plugs used to plug drums, containers or drain pipes. They are equipped with a hook to facilitate their use.

Standard sizes: Ø 150 mm, Ø 102 mm, Ø 76 mm, Ø 51 mm

If you would like to know more about our new products, feel free to write to us.
