## SORB®XT PP Oil Barrier Curtain

Article	SORB®XT PP Oil Barrier Curtain
Article No.	100632
Dimensions (mm)	10.000x160
Weight	20,40KG
Absorption capacity	317,00L

### Product Information:

#### Recommended use

- for use on water surfaces as an oil barrier and absorbent
- large-scale protection of water surfaces and area conservation
- also for preventive measures for longer times
- for use on quiet and smooth-flowing waters
- for both saltwater and freshwater

#### Application

- place the curtain around the area of contamination, in order to prevent the substance to further spread and wait until it has reached its full absorption capacity

#### After application

- collect the curtain with auxiliaries, such as small cranes or other lifting devices
- dispose the contaminated curtain with the respective valid laws and local Regulations

#### Storage

- store in an dry place with low humidity to avoid mold

#### Properties

- Oil barrier and absorbent incl. apron with own-weight
- hydrophobic
- floats several month on water surfaces
- highest quality
- fine-padded polypropylene
- retains contaminated substances after usage
- incl. fixing materials; can be thermally recycled; highest absorption capacity
- can be thermally recycled
