

Product Data Sheet

SORB^{®XT} Tarpaulin antistatic

Article	SORB ^{®XT} Tarpaulin antistatic
Article No.	100689
HS Code	392 510 00
Dimensions (mm)	730x730
Weight	0,40 kg

Product Information:

Recommended use

- tarpaulin with cut-out to accommodate DN hose connection
- a specially developed tarpaulin material for sensitive devices and machines as an effective immediate measure in the event of leaks, even in hard-to-reach places for draining liquids
- the use of special antistatic film during manufacture ensures the prescribed conductivity for use in an environment with an increased risk of fire

Application

- fasten the collection tarpaulin under the area of an expected leak or spillage
- use as a spill containment
- intended for the short-term storage of hazardous substances and conventional technical, chemical and petroleum products

After application

- after use it is easy to clean with soap and water

Properties

- made of special PES/PVC material with high conductivity
- Antistatic
- UV-resistant
- temperature range for use is from -10 °C to + 70 °C
- foldable
- low weight
- uncomplicated handling and storage
